3. My work in compiling and producing the said chapter on Education involves monitoring press coverage of education, legislation, policy developments, and the reports and statistics which government publishes in relation to the topic. I edit and analyse this information in a manner that is aimed at presenting a concise and accurate picture of the situation in education year by year.
4. I confirm that the documents attached to the founding affidavit in this matter and marked "EP 8", "EP 9" and "EP 10" are extracts from the *South Africa Survey* for the past three years on the topic of basic education. In the 2010/11 *South Africa Survey* this topic is covered on pages 421 to 494 of the publication, while in 2012 the same ground is

covered on pages 414 to 485, and in the 2013 edition the material is traversed on pages 457 to 519.

- 5. The purpose I have sought to serve in preparing the said chapters is to reflect the position in education in South Africa as factually and objectively as possible with references to the sources from which it is obtained.
